## SICK, SOUR STOMACH. INDIGESTION OR GAS

Take "Pape's Diapiesin" and in five minutes you'll wonder what became of misery in stomach.

Wonder what upset your stomach, which portion of the food did the damage--do you? Well, don't bother. It's easy and simple and what you just ate has fermented into such a mess: head dizzy and aches; flesh gases and acids and eructate undigested food; breath foul, tongue coated--just take a little Pape's Diapiesin and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapiesin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without resorting to a help, remember the quickest, sweetest, most harmless relief is Pape's Diapiesin, which costs only fifty cents for a large case at drug stores. It's truly wonderful--it digests food and eats things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.

Meager Details of Destruction of New Steamer in Which Owner and Guest Were Journeying to the Pecons.

Brief telephone messages to friends in Albuquerque this morning brought the news of the destruction yesterday afternoon of Frank V. Lanham's new Steamer in which the owner and Melville B. Summers of Roswell were journeying to the Pecons valley city. The car caught fire and was practically destroyed.

Mr. Lanham, who is New Mexico manager for the Texas Electric company, with Mr. Summers as his guest, left Albuquerque Monday afternoon for the trip across country to Roswell. The Steamer was a new one, recently purchased by Mr. Lanham and developed tremendous power. The machine was backing snow almost constantly after crossing the mountains and was in snow yesterday afternoon between Elmo and Vaughn when the

## POPULAR STORE IS HAVING BIG RUN THIS WEEK

Kistler, Collier & Co.'s Semi-Annual Pre-Inventory Sale Drawing the Ladies in Crowds.

The rapidly growing popularity of the Kistler, Collier & Co.'s big dry goods establishment among the women buyers of Albuquerque is being thoroughly demonstrated this week during the pre-inventory sale. Kistler, Collier & Co. hold but two sales a year, but these two sales are distinctly events in the retail business of the city, for the firm makes use of these sales, not as a mere means on which to hang advertising, but a genuine and complete clearing out of the entire stock. Prices are so reduced that the clearing out of the stock will be absolutely thorough. The result is a combination of a bargain offering throughout the entire store which is unqualified. In the ready-to-wear department, for instance, some marvelous values are being offered in this sale. There are no last season's left overs. This department of the Kistler-Collier store is only two years old, and every thing being offered in this sale is up to the minute in quality and style. This is in fact a true of every department in the store.

Prompt and courteous attention by all sales people makes buying in this store not only easy but pleasant, and during the pre-inventory sale which will continue through next week, the prices give the advantage of genuine and generous money saving.

## TUBERCULARS' CARE UP TO COUNTY AND CHARITY

Mayor D. K. B. Sellers Declares City Has Not Enough Revenue to Provide for Indigent Sufferers.

Tubercular people who come here without means cannot be cared for by the city, the statement of Mayor D. K. B. Sellers, who was approached today to say what would be done to remedy the condition outlined by City Physician L. O. Rice a few days ago in his report to the city council. "It is up to the county and to charity," said the mayor. "I wish we could do something, but we cannot, that's all there is to that. We have not enough money. I advocated the passage of a levy to care for the indigent and sick within our gates, but the council passed the levy while I was away and left that out of it. So the city has no money it can expend for that purpose."

"We shall have little enough as it is, for the utmost the levy this year can bring us is but \$54,000 and our expenses, for fixed, standard maintenance of the city's department, is \$113,000. The amount we expect to realize from all sources, taxes, saloon licenses and all, is but \$112,000, allowing for collecting 50 per cent of the taxes. Should some of these big corporations fail to pay, or bring suit about the rules they have had we would not have so much."

"And there are plenty of places for the money if we had it, too. We need a garbage incinerator, and there is that matter of road water drainage in the highlands needing attention. Let the county care for these poor. They have \$125,000 a year revenue more than twice as much as we have, and beside, why should the people that live in the city be taxed twice for that end? Why should we bear the brunt of this expense anyway? We will do what we can through the Non-Sectarian Benevolent society, but it is up to the county in the main."

## WELL KNOWN SANTA FE MAN PASSES AWAY AT MEADOW CITY

His many friends in this city will be deeply regretful to learn of the death in the Santa Fe railroad hospital at Las Vegas yesterday of Lloyd E. Eliza, an accountant for the Santa Fe covering the territory between Topeka and El Paso and one of the most popular employees of the system.

Mr. Eliza had been a patient at the hospital for eleven months. Hemorrhage of the lungs was the cause of death.

About a year ago he gave up his work, the company advising him that he needed a rest and his decline since that time was steady. Mr. Eliza made many close friends in Santa Fe circles here during the various times that he checked over the local mechanical department. He was an expert accountant in the fullest sense of the word and regarded as one of the very best on the system. The remains were sent to the old home at Ottawa, Kans., for burial. Mr. Eliza was 24 years old. He is mourned by a widow, his parents and several sisters and brothers.

Federico Burham, a federal prisoner in the penitentiary, escaped ten miles from here last night, while being brought back to the prison from a road camp at San Marcel. (By Leased Wire to Evening Herald.)  
Frankfurt, Germany, Jan. 8.--"Very light sentences" were proposed today by the prosecutor in the case of the German officers now under trial for illegal assumption of authority in connection with the Zabern incident.

At the conclusion of the testimony and the pleas for the prosecution and defense, the judge advocate, acting as prosecutor, suggested that Colonel Janetz, commander of the 11th Infantry, should be sent to jail for seven days on a charge of wrongful imprisonment. For Lieut. Schind, he said, a sentence of three days to jail for assault was sufficient. The other charges were dropped.
